## SHOCKING STORY TOLD

Stonemason Forced to Do a Most Inhuman Act.

### SACK PUT OVER HEAD

Placed in a Carriage and Driven to a Stone Wall, Where He Had to Seal Up a Woman Who Injured Her Husband.

New York, May 11.—A stone mason was at work on an old wall when a carriage swiftly drove up to him and two masked men jumped out and threw a bag over his head, bundled him into a carriage and hurried away, says a dispatch from Baku to the Herald. After half an hour's furious driving the mason was told to alight, the sack taken from his head and he found himself in an old-fashioned court yard. He pushed through the door into a corridor and in an empty room he noticed an opening in the stone wall in which was wedged a woman, trembling and with terrified face. The men who brought the mason pointed revolvers at his breast and ordered him to wall up the opening with the woman behind it, threatening to shoot him dead if he refused. There were stones, mortar and trowels in the rooms. He was told the woman was a Mahometan who had injured her husband. The mason built up the opening, the sack was again drawn over his head and three-quarters of an hour later he was put out of the carriage at a lonely part of the city. As soon as he could free himself of the sack he did so, but the carriage had disappeared. He went immediately to the police and told his story, but although the police are ransacking houses in the Mahometan quarter they can find no trace of the locality of this horrible crime.

### SEVERAL TOPICS.

Discussions by Conference of Charities and Correction Monday.

Atlanta, Ga., May 11.—The business session of the National Conference of Charities and Correction opened with an invocation by Rabbi David Marx D. D., of Atlanta.

Dr. J. T. Searcy, superintendent of the state hospital for the insane at Tuscaloosa, Ala., discussed "For What Class of Mental Defectives Should the State Make Provision, and in What Way?"

Professor Charles R. Henderson of the University of Chicago presented a brief report of the committee appointed at the Detroit conference last year on "Workmen's Insurance in Relation to Charity."

### UNDER THE BAN.

Three Hundred Chinamen Are Suspected of Telling of Others Gambling.

San Francisco, May 11.—Four of the seven presidents of the See Yup society have been arrested for conspiracy to murder 300 members of the Chinn society, who seek an English education, and two of them, Gee Hongon, who is not only president of the Yick High-binder Tong, but the See Yups, and Lee Ying, president of Bow Leong Tong, have made confessions. The other seven presidents are in hiding, but will be arrested as fast as they can be found. The men under the ban of the See Yup society are suspected of giving the authorities information regarding gambling in Chinatown.

### ENORMOUS LOSS.

Two Hundred and Fifty Houses and Fifteen Million Feet of Lumber.

Ottawa, May 11.—About 250 houses destroyed and probably 2000 people homeless and financial loss fully \$500,000 is the result of the conflagration Sunday. Money loss is about one-half covered by insurance. While it was generally believed Sunday night an incendiary started the fire, doubts are now thrown upon this theory. It was said the blaze was seen in the grass before it seized the lumber. There were from 10,000,000 to 15,000,000 feet of lumber burned. Buildings destroyed were dwelling houses and stores. No live are known to have been lost.

### Telephone Talk.

Waco, May 11.—Judge Scott refused to appoint a receiver for the Texas Telephone company, as asked by Ed. Stephenson, the latter alleging the telephone company owed certain monies. A receiver was appointed for the Texas Electrical company, which united the lines of the Texas Telephone company, and further action will be had to determine whether anything is due the connecting company. The Independent Telephone company property will remain under the present management.

### Allopathic Medical Board.

Austin, May 11.—The governor appointed the following physicians to constitute a board of allopathic medical examiners of the state: J. T. Wilson, Sherman; J. W. Scott, Houston; S. R. Borroughs, Buffalo; J. H. Reuss, Cuero; D. J. Jenkins, Daingerfield; M. M. Smith, Austin; J. H. Evans, Palestine; S. T. Turner, El Paso; J. C. Jones, Gonzales.

## HOUSES ARE BURNED

Ottawa, Ont., Visited by Fire Fiend on Sunday.

### ARSON IS CHARGED

John White, Just Released from the Penitentiary, Convicted of Having Committed the Same, Has Been Arrested.

Ottawa, Ont., May 11.—A fire, suspected of being of incendiary origin, Sunday afternoon, destroyed hundreds of houses and millions of feet of lumber in this city. John White, who has just been released from the penitentiary, after serving a term of imprisonment for arson, was caught near where the fire was first discovered. He was taken to the police station, and will be charged with starting the disastrous conflagration.

The fire originated within a stone's throw of where the great Hull fire of April 26, 1900, did. Hull fire started on the opposite of the river, and spread to the Ottawa side, destroying millions of dollars' worth of property.

Two hours before the principal fire started two smaller blazes were discovered and quickly extinguished in the lumber yards near the Canadian Pacific railway. It was 3:30 o'clock when the third fire was discovered. When the brigade arrived at the scene it was found that the main had been damaged, and no water could be obtained. When the brigade did get water the fire was utterly beyond its control. There is a large cliff which extends from the Ottawa river into the corner of Margaret and Preston streets. The fire area was on the flats below the cliff. At two or three points it came very near getting over the cliff, and had it done so, nothing would have saved the city. At 9:30 the fire was under control, and was confined to a district one mile long and a quarter of a mile wide. A quarter of a million feet of lumber were destroyed. It belonged chiefly to J. B. Booth, and was sold. The total loss will be about \$600,000. The buildings were principally dwelling houses and stores. They were all built since the last great fire, and were either solid brick or brick veneered.

### CONVICTS ESCAPE.

They Bind a Telegraph Operator and Ransack the Station.

Birmingham, Ala., May 11.—A portion of the kitchen of the state prison at Flat Top mines, twenty-five miles from this city, was burned, and during the excitement nine convicts escaped. Going to the railroad station near by the convicts robbed the telegraph operator and left him in the station tightly bound. While ransacking the station the signal light was turned, causing the next train south on the Southern to stop. The bound operator was found and released. One of the convicts has been captured and the superintendent of the mines says the others are located and he expects to capture them in the next twenty-four hours. The Flat Top mines are operated by the Sloss Sheffield Coal and Iron company and the convicts are leased from the state.

### JUMPED THE TRACK.

Engineer Holloway Was Crushed to Death and Eight Persons Hurt.

Knoxville, Tenn., May 11.—Southern passenger train No. 12 jumped the track one mile west of White Pine, Tenn. The train consisted of engine, combination express and mail car, baggage car, two day coaches and two sleepers. All were derailed except the sleepers. Engineer Robert B. Holloway of Knoxville was caught beneath his engine and crushed to death. Sylvia Smith, colored, may die. The train was running 30 miles an hour when the accident occurred. No cause can be assigned for it. The rails were torn up for 200 feet and a delay of over six hours occurred to travel. Eight persons were hurt.

### Officers Elected.

Fort Worth, May 11.—The Woman's Christian Temperance union convention elected the following officers: President, Mrs. Helen B. Stoddard of Fort Worth; corresponding secretary, Mrs. J. B. Ammerman of Cisco; recording secretary, Mrs. Effie Miller of Beaumont; treasurer, Mrs. J. A. S. Curtis of Beaumont. Four hundred dollars were raised for the president's salary.

### Lorenz May Visit Dallas.

New Orleans, May 11.—Dr. Adolf Lorenz, the noted Austrian, sailed on the steamship Malm for Vera Cruz. He will spend about eight days in Mexico. He made a provisional promise to Dr. Rosser of Dallas to visit the latter city and give a demonstration to the surgeons of Texas.

### Procured an Injunction.

La Grange, Tex., May 11.—A La Grange law firm on Saturday procured an injunction from Judge L. W. Moore restraining the commissioners' court of Grayson county from putting into local option in that county. It is force local option. It is known that L. Epstein and Colonel I. M. Standifer of Denison were here Saturday.

The person who neglects to provide for a "Rainy Day" neglects the first duty. Every practical thinking man realizes that it is a duty he owes to himself and his family to save a portion, however small of his earnings. A saving account opened early in life and systematically kept up, will in time afford the means to grasp business opportunities. It will help to buy a home, provide in time of sickness and insure a competency and the comforts of life in old age. ## THE DAILY EAGLE.

Entered at the postoffice as second class mail matter.

BY CONNELLY & CARNES.

Per Week, 15c. - - Per Month, 40c.

BRYAN, TEXAS, MAY 12, 1903

The following are the exemptions under the homestead laws of Texas and the following property is exempt from forced sale for debt. Homestead of 200 acres and improvements in country or in city to value of \$5000; all farming tools, library, five milch cows and their calves, two yoke of oxen, two horses, one wagon, one carriage or buggy, twenty hogs and twenty sheep, provisions and forage, also current wages. Homestead can be sold under execution only for purchase money or for material and labor furnished, and then only when contract is separately signed by wife.

The ranchmen, not only of Brewster, but of all the neighboring counties, so far as we have heard an expression, will refuse to pay 5 cents an acre for leased land. They say that when the present leases at 3 cents expire, if the land commissioner sticks to his 5 cent valuation, they will roll up their wire and sell the posts or use them for firewood. Much of the best land is classed as "mineral," and the selling price raised so high that nobody will buy it. If all parties stand pat the inevitable result will be another era of free grass. The tribe of cowboys will again increase and possibly we shall see a return of the good (?) old custom of mavericking, "when they will take who have the power and they will keep who can." Meantime the children's grass will, without money and without price, fatten the wanton steer, whose price will swell the plethoric pocket of the free grass baron, while the school fund shrinks. How do you like the picture, Mr. Terrell?—Alpine Avalanche.

The Southern Pacific has lately devised an unique way of entertaining the eye of passengers on its trains which traverse the rice country of Louisiana and Texas. The laborers in the rice fields have been supplied with the genuine Japanese farmers' rice-straw hats, wide and cone-shaped and from the car windows the workers in the immense rice fields, which lie on either side of the railroad, may be seen with their picturesque, Mongolian headgear—an importation of Orientalism not at all displeasing or out of place in the inundated fields which produce the great staple cereal of the Southwest. To add to the quaintness of the picture, there are several Japanese colonies on the line of the Southern Pacific, all engaged in raising their native food, and bare, brown legs and immense "parasol" headshades are much in character with their occupation.

### GETS MORE INTERESTING.

The Eagle's Plan of Giving Two Tourist Tickets to Colorado and Return Free of Charge.

In order to make the contest more interesting than ever the Eagle has offered the merchants of Bryan the opportunity to give away coupons good for votes in the Colorado trip contest, and some of the merchants will take a hand in the game. The list of those accepting will be published in a day or so. The merchants will buy the coupons from the Eagle and give them away free. So contestants may clip coupons from the Eagle, get votes by procuring new subscribers, and get coupons with merchandise also.

This is going to give us something to talk about this summer—something to keep us stirring around so that the flies won't settle on us. Every day now we hear expressions of appreciation of the enterprise. A trip to Colorado is no small thing, and is not given away every summer day.

The plan will be fully developed in a few days now, and the fun will start.

Mrs. M. D. Seay died at her home at Connor, Madison county, Sunday night. Mrs. Seay was a daughter of Mr. James L. Connor and a sister of Mr. R. M. Connor of this city and Mr. Roland Connor. She formerly attended school in Bryan, and many friends here are deeply grieved to learn of her death. She was about 31 or 32 years old.

### WENT TO WORK.

Railroad Officials and Clerks of Mobile and Ohio Road Switch Cars.

Mobile, May 11.—As an evidence of the seriousness of the strike of trainmen and switchmen on the Mobile and Ohio railroad, officials and clerks of the road pulled off their coats and went to work switching cars in the freight yards in this city to make room for freight coming from Cuba and other countries. Ten cars containing dynamite were also moved by the clerks to a pier, from which it will be loaded on vessels for Mexico.

Ten non-union men who arrived from St. Louis were met by a committee of strikers and prevailed upon not to go to work. They claimed the situation had been misrepresented to them at St. Louis by a man claiming to represent the road. Two men applied to General Manager Clarke for transportation back to St. Louis and were given it. However, five men went to work under protection of special officers. The company posted notices of warning as follows: "You are hereby notified that trains of this company are engaged in carrying United States mails and interstate commerce."

### MUST GO BACK.

Children Are Too Diminutive to Come to This Country.

New York, May 11.—Joseph Bernstein, seven years old, who, with his mother, brother and sister, arrived recently in this country from Prussia, has been ordered deported, the immigration authorities having decided him to be ineligible for admission to the country because of his diminutive size, he weighing only fifteen pounds. The boy is said to be healthy physically and mentally, but because of his lack of growth, is classed with the cripples.

Young Bernstein's father is employed in a glass factory at Toledo, O., and has taken out his first citizenship papers. Mrs. Bernstein and the children were on their way to join him. The mother will return to her former home in Prussia, but the brother and sister of the deported boy will go to their father.

### Clerk's Alleged Method.

Washington, May 11.—Further investigation into the case of Frank M. Barnett, clerk in the bureau of ethnology from Alabama, who was arrested Saturday charged with stealing money from the government discloses the fact that the accused used method to open fictitious accounts, crediting certain names with alleged services rendered to the bureau. These accounts he passed in the regular way and checks drawn for amounts. Barnett would then intercept the checks. The total sum thus procured was \$500.

### Large Contract.

White Plains, N. Y., May 11.—The biggest contract ever undertaken by the aqueduct commissioners to prevent the pollution of New York city's watershed is now under way and consists of removing more than 10,000 bodies from three cemeteries and cutting timber and clearing grounds on the Croton division of the Croton reservoir. The entire work must be completed by Oct. 1, 1904.

### Confederate Reunion at New Orleans.

May 17 and 18 the H. & T. C. R. ### Indigestion Causes Catarrh of the Stomach.

For many years it has been supposed that Catarrh of the Stomach caused indigestion and dyspepsia, but the truth is exactly the opposite. Indigestion causes catarrh. Repeated attacks of indigestion inflame the mucous membranes lining the stomach and exposes the nerves of the stomach, thus causing the glands to secrete mucin instead of the juices of natural digestion. This is called Catarrh of the Stomach.

### Kodol Dyspepsia Cure

There are a very few towns the size of Bryan where a line of misses and children's slippers, made by such a concern as Matoney Bros., are carried. The above assertion is true. If you have never bought them you have overlooked the finest misses and children's slipper made. Sold only by Webb Bros. 132-3-5

County Treasurer John M. Lawrence's quarterly report shows the following balances on hand in the various funds of the county: First class or jury fund, \$1836.60; Sinking fund \$12,955.66; Public building fund, \$577.72; Third class fund, \$2,151.53; Road and bridge fund, \$1,028.63; Poll tax, \$720.44; Grand total, \$18,310.58.

The A. and M. College athletic team returned Sunday from Austin, where they went to attend the state meet. They made an average of five points to the man and broke some records. Beilharz lowered the record for a 440 yard dash 23-5 seconds, and Neff broke the records on putting shot and discus. The crowd included Profs. Johnston and Kyle, Coach Platt, Beilharz, Neff, Simon, Cobbs, Sanders, Weatherby, Haltom, Hammer Foster, Booth.

Annie Althea, the little 6-year-old daughter of Mr. and Mrs. H. P. Anthony, died Sunday afternoon at their home in the west part of town and was buried yesterday morning. The funeral service was conducted by Dr. West and Rev. A. M. Stewart. It will be remembered that Mr. and Mrs. Anthony lost another child in January. They have made many friends during their residence here, who deeply sympathize with them in their great sorrows.

Dr. Minor C. Baldwin, whose organ recital at the Methodist church Saturday night has been the subject of so much favorable comment, has, by special arrangement with the ladies of the Methodist church, agreed to return and give another recital Friday night, May 15. The admission price will remain the same, 25 cents to all. In Houston and Galveston, where Dr. Baldwin gives recitals this week, the advertised prices are 50 and 75 cents. An entire change of program will be given at the recital here Friday night.

It will be of interest to all those who intend going to the Confederate Veterans' Reunion at New Orleans to know that two water supply companies have volunteered to furnish, free of cost, tanks and cups to be placed on street corners and all the water that may be needed. The water will be drawn from springs in St. Tammany Parish, across Lake Ponchartrain from New Orleans, and is crystal clear and pure. The offer of the companies insures a very important necessity to the comfort and enjoyment of reunion visitors.—Southern Pacific Literary Bureau.

Editor A. A. Pittuck of Texas Farm and Ranch was a pleasant caller at The Eagle office yesterday. Mr. Pittuck has been visiting his son, Prof. B. C. Pittuck, at College Station and also visiting in Grimes county. Mr. Pittuck published a paper at Anderson before the war and met many old friends during his visit down there. He found one man with a copy of his old paper preserved in a glass case, and endeavored to buy the relic, but was unable to do so. Mr. Pittuck is one of the best writers in the state and his work in Farm and Ranch has been of great benefit to the thousands of readers of that paper.

Mrs. Mollie Thomson, wife of Mr. J. N. Thomson, died at their home in Plantersville Sunday morning and the remains were brought here yesterday for burial. The procession formed at the I. & G. N. depot immediately after the arrival of the forenoon train. The service was conducted by Rev. E. L. Shettles. Accompanying the remains to Bryan were Mr. Thomson, the husband, Mr. Jim Kendrick, a brother, Mrs. A. E. LaCoste, Mr. and Mrs. C. H. LaCoste and Miss Lena Maywald. Mrs. Thomson was 33 years old and leaves a husband and two children. She was much beloved by all who knew her. Mr. and Mrs. Thomson formerly resided in Bryan, and Mr. Thomson's mother is buried here.

### BRAVE MAN.

Armed With a Pitchfork She Keeps a Bo  
vine from Killing Her Husband.

New York, May 11.—Armed with a  
pitchfork, Mrs. James Morton, a  
plucky farmer's wife, living near Flan-  
ders, N. J., for nearly an hour kept at  
bay a vicious bull that had attacked  
and nearly killed her husband. Two of  
the farmer's children gave the alarm  
and friends and neighbors rushed to  
the field and drove the bull away.

While entertaining visitors, Mrs.  
Morton became uneasy over the long  
absence of her husband, who had gone  
out to care for his stock. She heard a  
dehorned bull, noted for its vicious  
temper, bellowing, and running to the  
field she saw her husband lying un-  
conscious on the ground as the bull  
stood over him. Flourishing a pitch-  
fork, the farmer's wife ran forward  
and drove the progs four inches into  
the bull's side. As the animal contin-  
ued its attack on her husband, Mrs.  
Morton again and jabbed the sharp  
fork into it, until the animal turned  
and rushed at her. With a blow on the  
head, Mrs. Morton made the bull pause.  
She was still standing guard, pitchfork  
in hand, when, an hour later, the res-  
cuers summoned by the children arriv-  
ed. Mr. Morton was carried to the  
house, where it was found that several  
of his ribs were broken. He was se-  
verely injured about the head and  
chest.

### BITTEN BY DOGS.

Lady Came Near Being Torn to Pieces  
by Two Ferocious Animals.

Syracuse, N. Y., May 11.—Mrs.  
Thomas B. Leonard is at her home  
in a precarious condition as a result  
of an attack made upon her by two  
ferocious dogs. Mrs. Leonard tried  
to separate the dogs, which were fight-  
ing on the piazza of her house, when  
she was knocked down and almost  
chewed to pieces by the animals. The  
dogs attacked her simultaneously, one  
burying his teeth in her throat and the  
other seizing her by her left arm.  
They bore her to the steps and gashed  
her with their teeth, disfiguring her  
face and arms in a terrible manner.  
She probably will carry the marks for  
life. A colored man went to her as-  
sistance and drove the dogs away.  
Mrs. Leonard's body bore twenty-  
two marks from the teeth of the dogs.  
A large piece of flesh was torn from  
her lower lip, part of the right cheek  
is torn away, her left arm is torn and  
mangled and her right arm almost  
completely covered with prints of the  
dogs' teeth. The attending physicians  
say Mrs. Leonard will live.

### BOTH JUMPED.

Alleged Conductor and Motorman Left  
Passengers to Their Fate.

New York, May 11.—Through the  
burning out of the fuse under a rapidly  
running open car on the Third avenue  
line Sunday a blaze was started which  
spread rapidly and quickly enveloped  
the car. The motorman, despite the  
cries of the sixty or more passengers  
to stop before they were burned to  
death, put on full power, and those on  
board began to jump from the car.  
The conductor was one of the first to  
jump.

After running the car at full speed  
for three-quarters of a mile, the motorman  
apparently realized that his own  
life was threatened by the fierce flames.  
He shut off his power, jammed down  
the brake and leaped off amid the in-  
dignant outcries of a large crowd which  
had gathered. Nearly every one of  
the passengers was more or less se-  
riously hurt.

### FULLY SATISFIED.

Assurances Given by Russia Are Said to  
Have Been Acceptable.

Paris, May 11.—The French minis-  
ter at Pekin reports that Minister Con-  
ger, following instructions, has notifi-  
ed the Chinese government of assur-  
ances regarding Manchuria which Rus-  
sia has given the United States di-  
rectly through American Ambassador  
McCormick and also through Amba-  
sador Cassini, and says Russian  
charge d'affaires at Pekin have given  
the Chinese officials similar assur-  
ances. The French minister, add the  
Chinese officials are not greatly con-  
cerned by Russia's alleged designs on  
Manchuria, being fully satisfied with  
the foregoing assurances. The feeling  
here, which is sympathetic with Russia,  
has been greatly relieved by official  
advices from Washington summing up  
reports of the conferences between  
Secretary Hay, Ambassador Cassini  
and the Japanese minister particularly  
the contradiction of the report Mr.  
Hay telegraphed to President Roose-  
velt relative to the question of joint  
action, on the port of Great Britain,  
Japan and the United States, which  
report aroused serious apprehension  
here of possible international entanglements.

### Dallas Trade Excursion.

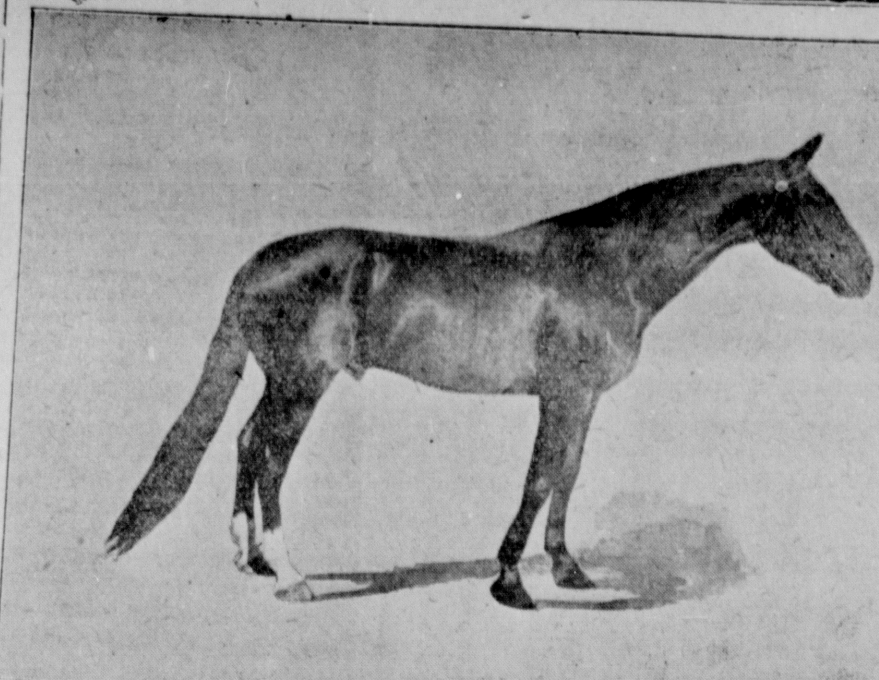

Dallas, May 11.—The third an-  
nual trade excursion of the Dallas  
Commercial club left here over the  
Texas and New Orleans road. At Kent  
a half hour despite the rain, were  
hospitably enjoyed. At Crandall and  
Kent the excursionists were elegantly  
entertained.

### Eclectic Examiners.

Austin, May 11.—The governor has  
appointed the following board of ec-  
lectic medical examiners: M. E. Dan-  
iel, Honey Grove; C. W. Johnson, San  
Antonio; L. S. Downe, Galveston; W.  
J. Bell, Gainesville; G. Helbing, Bon-  
ham; E. L. Fox, Houston; C. D. Hud-  
son, Waco; J. H. White, Queen City;  
Chas. Dowell, Ennis. To the board of  
homeopathic medical examiners: J. W.  
Crowe, Dallas; F. L. Griffiths, Austin;  
W. R. Owen, San Antonio; J. R. Pol-  
lock, Fort Worth; eGo. D. Streeter,  
Waco; C. F. Thornhill, Paris; C. E.  
Johnson, Sherman; W. N. Mercer, Gal-  
veston; H. B. Silas, Gainesville.

### Tarkington Better.

Indianapolis, Ind., May 11.—Booth  
Tarkington, the author, has just passed  
the crisis in a very serious case of  
typhoid fever.

### Writ of Mandamus Granted.

Austin, May 11.—The supreme court  
granted a writ of mandamus in the  
case of J. D. Patterson vs. J. J. Ter-  
rell, commissioner of the general land  
office. Patterson filed an application  
to purchase land in Scurry county be-  
fore the lease had expired, but  
failed to reach the commissioner un-  
til after the expiration date of lease. The  
court held he should have been award-  
ed the land because the land then  
was then on the market and no su-  
rrregularity should stand in the way.

### Scarlet Fever on a Ship.

New York, May 11.—Scarlet fever  
has broken out upon the receiving ship  
Columbia, at the New York navy yard.  
There are over 1000 sailors on board.  
Three of the crew have been taken  
down with the disease within a week.  
The Columbia accommodations are for  
500 sailors only. At present they are  
herded together and, it is stated, are  
on the verge of mutiny.

### Gone to Scotland.

London, May 11.—King Edward and  
Queen Alexandra, accompanied by a  
large suite, left London to pay their  
first ceremonial visit to Scotland.  
They went to Edinburgh. They were  
greeted by big crowds of people while  
driving in semi-state to the railroad  
station.

### Drowned in Kaw River.

Kansas City, May 11.—Alfred Tay-  
lor, aged twenty-four years, and Mrs.  
E. E. Renny, aged sixty-one, were  
drowned in Kaw river off Armourdale,  
Kan., near here, Sunday night while  
boating. Mrs. Renny came here from  
Coffeyville, Kan., with her husband,  
who is a railroad employe.

### Irrelevant Report.

Panama, April 11.—It is irrelevantly  
reported here that the Panama Canal  
company offered the Colombian govern-  
ment \$12,000,000 of the \$40,000,000  
the company receives from the United  
States government for the canal prop-  
erty.

### Has Never Seen the Young Lady.

London, May 11.—With reference to  
the rumor that he is engaged to marry  
Miss Daisy Leiter, daughter of Z. F.  
Leiter of Washington, and sister of  
Lady Curzon of Kedleston, Major Gen-  
eral Baden-Powell has written that he  
has never seen Miss Leiter.

### No Significance.

London, May 11.—The admiral says  
the sudden sailing of the British cruis-  
ers Drake, Brilliant and Rainbow from  
Portland for Gibraltar is not connected  
with events in Morocco and has no po-  
litical significance whatever.

### Nashville Selected.

Savannah, Ga., May 11.—The South-  
ern Baptist convention on Saturday  
selected Nashville as next year's meet-  
ing place. For foreign missions \$280,-  
000 were pledged. There was a differ-  
ence between Rev. A. J. Diaz and the  
convention in regard to funds en-  
trusted to the Cubans, that the home  
board claimed he would not account for  
back salary which he alleges to be  
more than \$10,000.

### Owing to Cholera.

Manila, May 11.—The quarantining  
of transports bound for San Francisco  
has been resumed on account of the  
cholera. The epidemic is making slight  
gains in Luzon.

### Smuggling Going On.

New York, May 11.—William H.  
Theobald, former special agent of the  
treasury department, makes the state-  
ment that more smuggling is going on  
now than has been at any previous  
time in the history of the United  
States government.

### "KEEP YOUR MOUTH SHUT"

People Who Say Little and Drink  
Less "Get There" Oftenest.

"Help me to catch him, mister," said  
the small boy as he dashed by in pant-  
ing pursuit of his juvenile enemy.  
"Keep your mouth shut, and you'll  
catch him," advised the man, and the  
boy understood in an instant and, un-  
derstanding, closed his mouth and ran  
on, easily running down the object of  
his pursuit, who had been running  
open mouthed and was soon doubled  
up with a stitch in his side.

There is a good deal in keeping your  
mouth shut. There are more people in  
the world who never open a mouth  
without putting a foot in it than you  
have any idea of. You may be a fool,  
but if you keep your mouth shut  
who's to know it? Generally you can  
size up the fellows who'll get there,  
are getting there or have got there by  
the way their lower jaw hangs. You  
may occasionally meet a wise man  
wandering around with his mouth  
open, but not as a usual thing.

It's what people say and drink chief-  
ly that cause them to appear before  
the police magistrate. If they had  
kept their mouths shut, they would  
not have said it or drunk it. More fool-  
ish fish are caught with hooks in the  
mouth than through the tail. The fel-  
low who goes around with his mouth  
open may catch a few flies in the  
aperture, but he isn't likely to catch  
anything very valuable that way. It's  
the fellow who sets his teeth and con-  
sequently shuts his mouth who gets  
there.—Toronto Star.

### The Cipher.

It has not been definitely established  
that zero was in use any earlier than  
400 A. D. About this time it was used  
in India, and several centuries later  
the Arabs began to employ it. Through  
the Arabs its use became known to  
Europeans during the twelfth century.  
It was not generally adopted in Europe  
until several centuries later, notwith-  
standing its great advantages. For a  
considerable time there were two par-  
ties among the European educators.  
One party, known as the algorists, fa-  
vored the adoption of the Hindoo sys-  
tem of notation (falsely called Arabic),  
with its position values, while the other,  
known as the abacists, favored the  
Roman notation, without zero or posi-  
tion value.

The general adoption of the Hindoo  
system was greatly facilitated by the  
facts that it was explained in most of  
the calendars for more than a century,  
beginning with 1300, and that the  
medieval universities frequently of-  
fered courses devoted to the use of this  
notation.—G. A. Miller in Science.

### The Artist and the Woman.

Every actress is sensitively alive to  
the pleasure of a warm reception—that  
being the technical term for the ap-  
plause with which the audience greets  
the first appearance of an artist before  
any word has been spoken. Generally  
speaking, it signifies a courteous greet-  
ing corresponding to a lifted hat and  
pleasant salutation. But on occasions  
when the actress is a special favorite  
the reception, enthusiastic and long  
continued, becomes a demonstration  
which is inartistic and destructive of  
the illusion of the play, since it drags  
the actress out of her part and in her  
bowing, curtsying and smiling she  
becomes Miss Jones or Miss Morris re-  
turning thanks to the public. A wom-  
an would not be human who did not  
enjoy to the last drop of her blood just  
such a greeting, even though her ar-  
tistic sense condemned it.—McClure's.
